

# ASPIRE

# ELLIPTICAL

## SIMPLICITY REDEFINED

A dependable, space-efficient elliptical designed to deliver smooth motion and lasting reliability. The Aspire Elliptical brings the Life Fitness standard of biomechanics to a design that's simple to own and easy to use.

### INVITING DESIGN

Aspire combines modern design with intuitive functionality. Two refined color options, let facilities match their aesthetic while offering cardio equipment that feels current and accessible.

### SMOOTH COMFORT

The elliptical path was developed from years of biomechanics research to mirror natural human motion. The result is an inviting and efficient stride that feels fluid and natural for exercisers at every level.

### OPERATIONAL EFFICIENCY

A preassembled main frame simplifies installation and reduces setup time. Accessible components and thoughtful design make service faster, keeping equipment ready for use.

## CONSOLE OPTIONS

Choose from the immersive experience of the SE4 Console or get the get-on-and-go functionality of the SL Console.

Both are designed to engage exercisers, simplify operation, and reduce maintenance for facility teams.
