

FLEXSTRIDER VARIABLE-STRIDE TRAINER WITH DISCOVER SE CONSOLE

The new Elevation Series FlexStrider Variable-Stride Trainer with Discover™ SE Tablet Console is where your digital life meets your workout experience. The third generation of touch screen consoles redefines the workout experience with the most advanced technology. The 16" integrated LCD touch screen features an abundance of entertainment options, enhanced interaction, Internet connectivity and much more.

FEATURES

> 16" INTEGRATED SURFACE CAPACITIVE LCD TOUCH SCREEN WITH INTEGRATED TV

With a swipe of a finger, navigate seamlessly between crisp, clear screens to choose the entertainment and workouts you want.

> APPLE® AND ANDROID™ COMPATIBLE

Connect, manage playlists, watch videos and power your Android and Apple device, including your iPod®, iPhone® or iPad®

> INTERNET CONNECTIVITY

Visit a website or play a game. Easily choose your favorite websites through your LFCONNECT account, and they will be instantly available when you log in. Available with Ethernet or Wireless connectivity.

> LIFESCAPE INTERACTIVE COURSES

Take high-definition hikes and runs through famous locations around the world. The integrated machine controls speed as the exerciser runs faster and matches the resistance to the varying terrains.

> LFCONNECT™ / LFCONNECT APP

Complementary solution that allows exercisers to choose equipment settings and track workout results to meet their goals, while also providing facility owners easy asset management and product customization capabilities. LFCONNECT is accessible via its website or app.

To create an account, go to LFCONNECT.com.

FACILITY FEATURES*

Asset Management:

- Product usage statistics
- Software updates

Equipment Customization:

- Custom workouts by facility and trainer
- Attract screen, logo and message customization

Entertainment Customization:

- Internet presets
- TV channel editing

EXERCISER FEATURES*

Product Personalization:

- Display and workout settings
- Internet favorites

Workout Creation:

- Workout calendar
- Workout customization
- Workout library

Workout Tracking:

- Track and share progress

Social Interaction:

- Create workouts and track progress with peers and personal trainers

All features are Apple and Android compatible.

FLEXSTRIDER VARIABLE-STRIDE TRAINER WITH DISCOVER SE CONSOLE

The FlexStrider™ Variable-Stride Trainer lets exercisers change stride length on the fly and choose a workout that feels the most natural. The smooth motion of the variable-stride trainer makes it easy to use and inviting for exercisers looking for a total-body, low-impact workout.

PERFORMANCE FEATURES

- > **THE RESEARCH BEHIND THE NATURAL FEEL**
Life Fitness has been producing cross-trainers for nearly 20 years. Two decades of biomechanics testing have helped create an elliptical path that mimics the natural motion of the body. The result is an extremely smooth and comfortable feel.
- > **ADVANCED CONSOLE TECHNOLOGY**
Engage the senses with Internet connectivity, product personalization through LFconnect, Lifescape Interactive Courses, video-watching capabilities and iPod®, iPhone®, iPad® and Android™ smartphone integration.
- > **OVERSIZED PEDALS**
Users can adjust foot position comfortably. Narrow pedal spacing (2.5" or 6.3 cm) minimizes lateral hip shifting, which reduces lower back stress.
- > **AT-YOUR-FINGERTIPS RESISTANCE CONTROLS**
Located on the moving arms to easily adjust intensity without disrupting workout.
- > **ENERGY OUTPUT TRACKING**
FitPower™ displays the energy output of exercisers by factoring in RPMs, resistance and stride length.
- > **HEART RATE MONITORING**
Lifepulse™ digital heart-rate monitoring hand sensors are conveniently placed on the moving arm handles and bullhorns. Polar® telemetry* also provides users with accurate, hands-free heart-rate monitoring.
- > **USER COMFORT**
The FlexStrider trainer has a smooth and easy start up, and a low step-up height, which makes it easy to get on and off.
- > **MOTIVATING WORKOUT VARIETY**
Heart Rate+™ Workouts automatically adjust resistance to keep users in their target heart-rate zone. Goal-based workouts allow users to set personal goals.
- > **SPEED AND DISTANCE FEEDBACK**
For easy comparisons to daily activities, such as walking and running.

* Requires optional chest strap.

HIGHLIGHTED FEATURE

VARIABLE STRIDE

Users can choose the ideal stride length on the fly.

FLEXSTRIDER DETAILS

0-36" (0-91 cm) stride length

Narrow 2.5" (6.3 cm) pedal spacing

At-your-fingertips resistance controls

Oversized non-slip pedals

Ergonomically correct moving arm handles provide a total-body workout

Patented Lifepulse digital heart rate monitoring

95X FLEXSTRIDER VARIABLE-STRIDE TRAINER WITH DISCOVER SE CONSOLE
