Life Fitness

# > INTERNET CONNECTIVITY

Visit a website or play a game. Easily choose your favorite websites through your LFconnect account, and they will be instantly available when you log in. Available with Ethernet or Wireless connectivity.

# > LIFESCAPE INTERACTIVE COURSES

Take high-definition hikes through famous locations around the world. The Global Trek course combines mountain hikes and uphill walks that keep the exerciser engaged during a workout. And the scenery slows down and speeds up with the user.

#### > LFCONNECT<sup>TM</sup> / LFCONNECT APP

Complementary solution that allows exercisers to choose equipment settings and track workout results to meet their goals, while also providing facility owners easy asset management and product customization capabilities. LFconnect is accessible via its website or app.

To create an account, go to **LFconnect.com**.

# FACILITY FEATURES\*

#### Asset Management:

Product usage statistics Software updates

# Equipment Customization:

Custom workouts by facility and trainer Attract screen, logo and message customization

#### Entertainment Customization:

Internet presets

TV channel editing

# **EXERCISER FEATURES\***

#### Product Personalization:

Display and workout settings Internet favorites

#### Workout Creation:

Workout calendar Workout customization Workout Library

### Workout Tracking:

Track and share progress

#### Social Interaction:

Create workouts and track progress with peers and personal trainers

All features are Apple and Android compatible.

\*LFconnect on-console features are compatible with the Elevation Series Discover SE and SI when connected to the Internet. Internet connectivity is recommended for optimal facility owner and exerciser experience.

# **POWERMILL CLIMBER** WITH DISCOVER SE CONSOLE

The PowerMill Climber provides a high-intensity cardio workout and is designed for users of all abilities. S3 (SureStep System<sup>™</sup>) technology combines an AC motor, which allows for extremely responsive controls and smooth speed changes, with the largest usable step surface in the fitness industry and MaxBlox<sup>™</sup> anti-pinch toe protectors.

# PERFORMANCE FEATURES

#### > SMOOTH AND SECURE

S3 Technology ensures that users are on stable footing throughout a workout.

#### > ERGONOMIC EXPERTISE

205 sq. in. of usable step space is the largest in the fitness industry.

#### > ADVANCED CONSOLE TECHNOLOGY

Internet connectivity, product personalization through LFconnect, Lifescape interactive courses, video watching capabilities and iPod®, iPhone®, iPad® and Android<sup>TM</sup> smartphone integration.

#### > HEART RATE MONITORING

Lifepulse<sup>TM</sup> digital heart rate monitoring hand sensors are located in the hand grips. Polar® telemetry provides users with accurate hands-free heart rate monitoring.

#### > THUMB SPEED CONTROLS

Located on the hand grips to easily adjust intensity without disrupting the workout.

#### > ENERGY OUTPUT TRACKING

FitPower display highlights the energy output of exercisers.

#### > MOTIVATING WORKOUT VARIETY

Heart Rate+ $^{\text{TM}}$  Workouts automatically adjust resistance to keep users in their target heart rate zone. Goal-based workouts allow users to set personal goals.

#### > EASY ACCESS

Multiple modular panels allow for easy internal access during maintenance.

> DUAL BRAKING SYSTEM

AC motor brings PowerMill to a smooth stop, and a mechanical brake then locks the steps in place until the machine is started again for a stable platform when setting up a workout

# HIGHLIGHTED FEATURE

#### **POWERED BY S3 TECHNOLOGY**

Motor-driven system allows for a wide range of speeds and includes slow speeds for reconditioning and faster speeds for high-intensity interval training (HIIT). The extremely reliable Life Fitness motor provides responsive speed control.

# **POWERMILL DETAILS**

 $MaxBlox^{TM}$  steps have 205 sq. in. of usable space and toe pinch protectors

0-25 speed levels (12 to 185 steps per minute)

Interior protective panel shields internal components from liquids

Thumb speed controls and on/off

Easy-clean open space below the unit
