

POWERMILL™ CLIMBER WITH DISCOVER SI CONSOLE

The PowerMill Climber with Discover™ SI Tablet Console is where your digital life meets your workout experience. The third generation of touch screen consoles redefines the workout experience with the most advanced technology. The 10" integrated LCD touch screen features an abundance of entertainment options, enhanced interaction, Internet connectivity and much more.

FEATURES

> 10" WITH OPTIONAL INTEGRATED TV SURFACE CAPACITIVE LCD TOUCH SCREEN

With a swipe of a finger, navigate seamlessly between crisp, clear screens to choose the entertainment and workouts you want. Discover SI-TV option includes integrated TV.

> APPLE® AND ANDROID™ COMPATIBLE

Connect, manage playlists, watch videos and power your Android and Apple device, including your iPod®, iPhone® or iPad®

> INTERNET CONNECTIVITY

Visit a website or play a game. Easily choose your favorite websites through your Lfconnect account, and they will be instantly available when you log in. Available with Ethernet or Wireless connectivity.

> LIFESCAPE INTERACTIVE COURSES

Take high-definition hikes through famous locations around the world. The Global Trek course combines mountain hikes and uphill walks that keep the exerciser engaged during a workout. And the scenery slows down and speeds up with the user.

> LFCONNECT™ / LFCONNECT APP

Complementary solution that allows exercisers to choose equipment settings and track workout results to meet their goals, while also providing facility owners easy asset management and product customization capabilities. Lfconnect is accessible via its website or app.

To create an account, go to Lfconnect.com.

FACILITY FEATURES*

Asset Management:

- Product usage statistics
- Software updates

Equipment Customization:

- Custom workouts by facility and trainer
- Attract screen, logo and message customization

Entertainment Customization:

- Internet presets
- TV channel editing (Discover SI-TV only)

EXERCISER FEATURES*

Product Personalization:

- Display and workout settings
- Internet favorites

Workout Creation:

- Workout calendar
- Workout customization
- Workout Library

Workout Tracking:

- Track and share progress

Social Interaction:

- Create workouts and track progress with peers and personal trainers

All features are Apple and Android compatible.

POWERMILL CLIMBER WITH DISCOVER SI CONSOLE

The PowerMill Climber provides a high-intensity cardio workout and is designed for users of all abilities. S3 (SureStep System™) technology combines an AC motor, which allows for extremely responsive controls and smooth speed changes, with the largest usable step surface in the fitness industry and MaxBlox™ anti-pinch toe protectors.

PERFORMANCE FEATURES

- > **SMOOTH AND SECURE**
S3 Technology ensures that users are on stable footing throughout a workout.
- > **ERGONOMIC EXPERTISE**
205 sq. in. of usable step space is the largest in the fitness industry.
- > **ADVANCED CONSOLE TECHNOLOGY**
Internet connectivity, product personalization through LFconnect, Lifescape interactive courses, video watching capabilities and iPod®, iPhone®, iPad® and Android™ smartphone integration.
- > **HEART RATE MONITORING**
Lifepulse™ digital heart rate monitoring hand sensors are located in the hand grips. Polar® telemetry provides users with accurate hands-free heart rate monitoring.
- > **THUMB SPEED CONTROLS**
Located on the hand grips to easily adjust intensity without disrupting the workout.
- > **ENERGY OUTPUT TRACKING**
FitPower display highlights the energy output of exercisers.
- > **MOTIVATING WORKOUT VARIETY**
Heart Rate+™ Workouts automatically adjust resistance to keep users in their target heart rate zone. Goal-based workouts allow users to set personal goals.
- > **EASY ACCESS**
Multiple modular panels allow for easy internal access during maintenance.
- > **DUAL BRAKING SYSTEM**
AC motor brings PowerMill to a smooth stop, and a mechanical brake then locks the steps in place until the machine is started again for a stable platform when setting up a workout.

HIGHLIGHTED FEATURE

POWERED BY S3 TECHNOLOGY

Motor-driven system allows for a wide range of speeds and includes slow speeds for reconditioning and faster speeds for high-intensity interval training (HIIT). The extremely reliable Life Fitness motor provides responsive speed control.

POWERMILL DETAILS

MaxBlox™ steps have 205 sq. in. of usable space and toe pinch protectors

0-25 speed levels (12 to 185 steps per minute)

Interior protective panel shields internal components from liquids

Thumb speed controls and on/off

Easy-clean open space below the unit
