

GSC TRAINER

Life Fitness

GLIDE. STRIDE. CLIMB.

Three machines in one. At lower levels it glides like a cross-country skier, at mid-levels it strides like an elliptical, and at high levels it functions like a climber or stepper.

LifeFitness

PERFORMANCE FEATURES

- 24" stride to allow for a glide, stride or climb movement
- Easy forward access
- Same Side Forward (SSF) handles ensure proper position
- One level setting controls both resistance and incline settings
- Available with Discover™ SE3 Tablet console

LifeFitness

MORE WAYS TO MOVE

The addition of the GSC Trainer to the Elevation Series offers another cardio choice and another way that exercisers can move.

Life Fitness

DASHBOARD DESIGN

The Discover SE3 tablet console is built on insights provided by exercisers about what makes a consistently captivating experience. Intuitive interaction, appealing layouts and a host of other digital advances, like integrated streaming video services, create engagement for any exerciser.
