Halo Fitness Cloud

A suite of services that creates a memorable brand experience makes it easier to manager your facility, and saves you money.

Halo Fitness Cloud

The Halo Fitness Cloud is the platform that connects fitness facilities to their staff, exercisers and equipment. Halo empowers facilities and their staff to optimize equipment usage, better communicate between themselves and their exercisers, and more easily keep cardio equipment up to date with the newest features.

Detailed Usage Data

Gain insights into when and where people are working out. Use that information to create an ideal product mix and to help guide staffing decisions.

Customized Home Screen

Customize home screen messaging to promote events and classes, communicate through trainers, open new revenue streams, and build your brand.

Guided Workouts

Performance Run view on treadmills makes it easy for exercisers to benefit from interval workouts. Speed and incline changes happen with just one touch on the screen. This feature is customizable through Halo Fitness Cloud.
