## LFconnect

Connected equipment grants access to account creation with **LFconnect.com** for a suite of services that help you manage your facility.

### Facility Traffic

View equipment usage statistics through a visual heat map to see how, when and where people are interacting with your equipment.

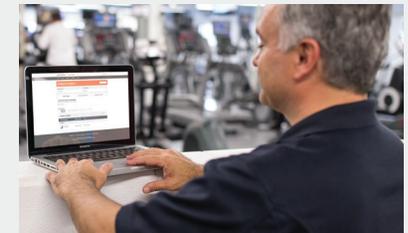

### LFconnect Protect™

Our agents monitor your equipment to make sure it is operating properly. If we see an issue, we diagnose the problem and offer a solution.

### Preventive Maintenance

View service notices that provide information on equipment rotation, belt inspection and routine maintenance so that your facility is running at peak performance.

### Detailed Statistics

Use data from hours of operation and equipment usage combined to see how well your equipment is being utilized.
