

LifeFitness **ELLIPTICAL**

ASPIRE CARDIO

SIMPLICITY, REFINED

A streamlined and efficient elliptical that offers inviting and effective workouts for a wide range of exercisers. Aspire is built with the advanced biomechanics and focus on durability that Life Fitness cardio is known for.

FEATURED:
Aspire Elliptical with
SL Console in
Smooth Charcoal.

SMOOTH COMFORT

The elliptical path is the culmination of recent biomechanics research and years of study of how the body interacts with a cross-trainer. The result is an inviting elliptical that feels extremely natural because the path of motion is similar to an exerciser's actual running stride.

INVITING DESIGN

Aspire mixes attractive design with intuitive functionality. A modern look and two color options enhance the aesthetic of any fitness facility and provide cardio that appeals to both workout novices and experienced exercisers.

OPERATIONAL EFFICIENCY

The majority of the elliptical is assembled at the factory, which makes installation quick and easy. Thoughtful parts design makes service easier and ensures reliability.
